

BACK to SCHOOL TO DO LIST

Make Your Child's Vision A Priority

Every year, 20 million children go back to school with a vision problem that may interfere with the ability to learn or contribute to discipline problems.

This year, make your child's vision a priority. Schedule their eye exam in our office today.

iPhone Users:

Test visual acuity, color vision and more from your iPhone.

Download the Free EyeXam app from the App Store.

80% of what your child learns comes through their eyes.

1 in 4 students have a vision problem holding them back.

Does your student have all the proper tools to ensure success in the classroom this year?

Schedule your student's eye exam today!
